Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left hand and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes*, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes,* within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes*, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Explanation of the Gas Meter.

Each divison on the right hand circle denotes 100 feet, and on the centre circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall at all times, have the right of free access into the pemises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a leak, or injury done to the meter or pipes*, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

THE PUBLIC LEDGER, Philadelphia, has now the largest edition and circulation of any daily journal in the United States, with, perhaps, one or two exceptions; and its advertising rates are *far less*, in proportion to its edition and circulation, the main element of value as an advertising medium, than of any daily paper in the *world*. The New York Herald charges 40 cents per line for what in the LEDGER costs the advertiser but 20 cents per line. The continually increasing demand made upon the advertising columns of the LEDGER, shows that the public fully appreciate the cheapness of its advertising rates, and its great value to themselves as an advertising medium. The average number of separate and distinct advertisements in each day's issue of the LEDGER is considerably over one thousand; and as a large majority of these are new every day, the paper has a freshness and interest most desirable to both readers and advertisers.

PUBLIC LEDGER

A MORNING PAPER,

Published Daily (except Sundays) at the S.W. Cor. Sixth and Chestnut Sts., by

GEORGE W. CHILDS.

Terms of Advertising:

Twenty Cents a Line, each Insertion.

Before Marriages and First Page Notices, Thirty Cents a Line, each insertion; and no advertisement taken for less than three lines.

For Advertisements intended for Saturdays *only*, the price will be Twenty-five Cents a line. If the same advertisement is also ordered at the time inserted on other days, there will be no increased charge for Saturday.

Displayed lines in advertisements, will be charged Thirty Cents per line each insertion.

Marriage and Funeral Notices, to the extent of five lines or less, *Fifty Cents* each insertion. These Advertisements, in all cases, require indorsement.

The above prices are *far less*, in proportion to the edition and circulation of the Ledger (the main element of value in advertising), than those of any daily paper in the *world*.

The Proprietor will be glad to see those who have any complaints to make.

Job Printing Office, Ledger Building, Up Stairs,
Is supplied with all the material necessary for the prompt, neat, and economical execution of every style of Printing.

OFFICE, S. W. Cor. SIXTH and CHESTNUT STS.

☞ All Advertisements have their full number of insertions, although they may be occasionally crowded out. All errors promptly corrected.

☞ All Advertisements should be sent to the Office of the Ledger at as early an hour in the day as possible; and in order to obtain the full benefit of the entire edition, they should be received before 8 o'clock, P. M. The Proprietor does not INSURE the insertion of any Advertisement on any specified day or days.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3, showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 29,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1859.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec. 4.* The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expenses of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice wherever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a Bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes*, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Bill Presented, Apl 6. *Received Payment,* 4/11 Windle

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July,* 1839.

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes,* within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the former observation to be 32,300. If at a former observation the hands were at the statement to be 32,300; and the difference between the dotted lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes,* within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the center circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the *dotted* lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—*Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.*

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——*Sec.* 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——*Sec.* 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——*Sec.* 11. The tenant of any premises using Gas shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——*Sec.* 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, *or in case of a Leak, or injury done to the Meter or Pipes,* within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made.

Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

Unless claims for Errors or Damages of any description are made on, or the day after, delivery of goods, it is the admission of the Consignee that none such exist.

Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the centre circle, 1000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the LOWEST figures next to the hands on each circle, which in the diagram are 3, 2 and 3, showing the statement to be 32,300. If at a former observation the hands were at the DOTTED lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed.—viz. 12,100 Cubic feet.

TERMS.—Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.

SEC. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees.——SEC. 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises.——SEC. 10. The Trustees, their Inspector, and other authorized agents, shall, at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe.——SEC. 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given.——SEC. 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, OR IN CASE OF A LEAK, OR INJURY DONE TO THE METER OR PIPES, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made. SEC. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.

AN ORDINANCE for the Protection of the Philadelphia Gas Works, passed October 6th, 1836.

That any person or persons who shall open a communication into the street gas Main, or other gas pipe, without authority from the Inspector, or other authorized agent of the Trustees of the PHILADELPHIA GAS WORKS, or who shall let on the Gas after it has been stopped by order of said Inspector, or other authorized agent, for repairs or any other purpose, or shall put up any pipes or burners in addition to the pipes or burners originally put up and inspected, and introduce the Gas into them, without authority as aforesaid, shall be subject to a penalty of not less than Ten or more than Fifty Dollars for each and every such offence; one half to be paid to the informer and the other half into the City Treasury.
